stance—Favorites Sweep the Card as New Oricans—Aramsas Pass a Fast Two-Year-Old Filly From Taxas.

NEW ORLEANS, La., Jan. 30 .- For the first time in the history of racing in this city two horses who finished first were disqualified tp-day, Pay the Fiddler and Balm of Glicad. O'Neill, who rode Polly Bixby, had a narrow escape from death, as he was knocked into and bumped into the fence coming down the stretch. The crowd in the grand stand witnessed the humping and as a second stand witnessed the bumping and as soon as the horses finished began to cry foul. Pay the Fiddler was disqualified and Polly Bixby

placed first.
Favorites were the real thing this afternoon and the books were hard hit. In the fifth race Balm of Gilead, who was heavily played for a good thing, bumped into Nyx coming down the stretch and was disqualified for fouling. Frank Rice, who was the favorite and who finished second, was placed first. The decision of the stewards was greeted such cheers. The track was in much better. with cheers. The track was in much better shape than at any other time this week. Al-

though the card was a poor one, a large crowd was on hand.

The first race was taken down by St. Cuthbert, the odds-on favorite. Redfern was compelled to take him up fifty yards from the wire to prevent him from bumping into Automaton. His margin at the finish was only a neck. Arachue was the choice in the second. She won under wrape by four lengths from Little Jack Horner, who was the pace maker to the head of the stretch.

Aransas Pass, a Texan-bred two-year-old, was the choice in the third. According to reports, Aransas Pass was the fastest thins ever sent out of Texas. Crescents Defeat the New York A. C. in a Het Game by 8 Goals to 2.

Cresents Detent the New York A. C. in a Het Game by 3 Geals to 2.

The Crescent A. O. and New York A. C. hockey teams met for the first time this season at the Clermont Avenue Rink, Brocklyn, last night. These two teams always put up a hot fight and the attendance at the rink was large. The game was exciting from the start and when time was called the Crescents had scored three goals and the New Yorks A. C. two.

W. Russell of the Hockey Club was the referee. He had lots of work stopping off-side plays, but there was very little roughness and no one was hurt. H. Donaldson and Liffton faced off and the New Yorkers got the puck, but it was soon rushed back to their goal. Then Howard made a fine run, but Wall took the puck away from the New York captain and carried it back again. A scrimmage in front of the New York goal followed, but H. Donaldson succeeded in putting the puck out of harm's way. Then Dobby made a fine rush and shot, but Smith was equal to the occasion and turned the puck saide and Clarke and Donaldson rushed it to the Crescent goal. Wall brought the puck back and neatly pased it to Dobby when near the New York goal. Dobby shot, but the puck went wide. So far the Crescents had made a hot attack on the visitors' goal, but the New Yorkers made as good a defence. Then the New Yorkers made as good a defence. Then the New Yorkers took the aggressive and many hot shots were sent by Howard and Clarke, but all were stopped by the Crescent backs. Liffton made a good rush and passed to Dobby, but he again missed the goal. The fighting was first at one end of the rink and then at the other and so it went all through the first half, neither side scoring.

In the second half the game was faster. Howard, Dobby, Liffton, Clarke and Donaldson made a hard shot, but it was stopped by McKenzie, and soon afterward Kennedy got the puck on a pass from Dobby and serred the second goal for the Crescent sole he was a let of tripping.

The New York players were able to break up the New York ream work at will and there was a

Coney Island Jockey Club Refuses the Entry of E. J. Arnold's Gold Heels. The Coney Island Jockey Club has refused The Coney Island Jockey Club has refused the entry of E. J. Arnold & Co.'s Gold Heels in the Suburban Handicap, and it is believed that the horse will also be barred from the Brooklyn and Brighton Handicaps together with other valuable stakes for which he has been named. The Coney Island officials have taken this action in accordance with the provisions of Rule 43, which reads:

At the discretion of the secretary of the Jockey Club or of the stewards, and without notice, the entries of any person or the transfer of any entry

Gold Heels had been refused because of the business venture in which E. J. Arnold, the well-known Western turfman, is at present engaged. Arnold is at the head of a turf stable which advertises to pay a certain per cent. a week on investments, agreeing o divide large profits made in various tranches of the turf.

branches of the turf.

Gold Heels has been entered in all the leading handicaps, and it was only last Monday that Handicapper Vosburgh assigned top weight, 127 pounds, to the son of the Bard in the Brighton Handicap, the same impost given to L. V. Bell's Hermis. When Gold Heels was put up at auction at the McLewee-Brady sale last fall he was knocked down to Jockey Winnie O'Connor for \$6,500. O'Connor a few days later sold the horse to one to Jockey Winnie O'Connor for \$6,500. O'Connor a few days later sold the horse to one of Arnold's agents for \$6,750. It was announced then that Gold Heels would be retired to Arnold's stud farm, but recently the great horse was fired and a veterinary pronounced him fit to stand training again. Arnold accordingly nominated him for nu merous stakes, both in the East and West, and has already planned to have him start in the Montgomery Handicap at Memphis, in which Gold Heels will probably carry top weight

in the Montgomery Handicap at Memphis, in which Gold Heels will probably carry top weight.

It is reported that the various racing associations here are laying plans to further the interest in long-distance events. The plan, it is said, involves the offering of big prices for overnight events calculated to attract all of the best horses. The running of the Brighton Cup in the fall, instead of midsummer as in the past, has already acted as an incentiveto this branch of racing, which appears to have been neglected.

More than \$20,000 was taken out of the New Orleans betting ring on Thursday when Maxiala won the last race. The colt opened at 100 to 1 and was quietly played down to twenties by his owner. J. B. Lewman, and a few friends who were "in the know." One bookmaker was hit for \$4,500 alone.

There is a marked increase this year in the number of entries for Brighton's stake events.
The nominations for 1908 are 1,765 as against \$27 a year ago. There is an increase of 42 entries for the Brighton Handicap, 16 for the Brighton Cup, 35 for the Islip Handicap, 25 for the Jamaica Stakes, 31 for the Test Handicap, 14 for the Sea Gate Stakes, 14 for the Glencove Handicap, 10 for the Montaux Stakes.

10 for the Winced Foot Handicap, 23 for the Punchestown Steeplechase, 25 for the Leopardstown Steeplechase and 23s for the Produce Stakes for 1905. There is a failing eff of 14 nominations in the Atlantic Stakes. For the new stakes there are 40 entries for the Cup Preliminary, 51 for the Currack Steeplechase, while for the Nautilus, 47 for the Seaguil and 114 for the Distaff.

GOLF. Annual Meeting of the Women's Metro politan Association.

International golf, as far as sending over a team of representative women players this season is in question, was voted down at the annual meeting of the Women's Metropolitan Golf Association yesterday. It was held at 6 East Ninth street. The project of the foreign invasion had been in the hands of a committee, which reported that the trip was inadvisable because of the refusal of many of the best players in the association to join the team, and that on this account it was better not to send a team. The report was accepted without dissenting votes. The team matches will be carried out on the usual lines this year, except that the limit of teams in class A will be eight. Class B will also be restricted to eight teams if possible. The date and links for the individual championship will be arranged by the executive committee, with the team schedules. The Griscom cup is now held by the Boston women, who will arrange for the annual intercity matches for the trophy.

BUFFALO TRUE TO EASTERN. Denies Filrtation With American Learns

Denies Firrtation With American League

—Circuit Still in Boubt.

The Eastern League baseball delegates, who have been holding their annual meeting here for three days, took a receas last evening after wrestling most of the day with the Baltimore question. The two aspirants for an Eastern League franchise in Baltimore, Ned Hanlon, who has the American League grounds there, and Harry Goldman, representing parties who have an option on the Montreal franchise, were both on hand and were called bafore the meeting. With Goldman was Wilbert Robinson, the noted Baltimore catcher. President Powers of the Eastern League said no decision has yet been reached as to how the circuit question will be arranged. A committee, consisting of W. W. Pierres of Buffalo, P. Hurley of Worcester and Powers, was appointed to meet in Baltimore next Thursday and settle the point. This committee has full power, and its decision will be final. It expects to make an adjustment satisfactory to all parties concerned. One of those directly concerned is Charles Dooley, owner of the Montreal Iranchise, and he will be at the Baltimore meetings. It is regarded as altogether probable that Baltimore will be taken into the Eastern League and Montreal dropped, but it was asserted yesterday that the Montreal interests would receive just consideration in making the change.

In the election of Eastern League officers yesterday Pat Powers was chosen president for the eleventh consecutive time. Whereupon he touched the bell for a supply of wine and a box of cigars. The directors elected was transferred from George Stallings to the Queen City Baseball and Amusement Company, which being mostly a matter of form was not an important step as the high-sounding title might seem to indicate. SYNDICATE WANTS THE CLUB Local Men With \$800,000 to Negotiate With Ban Johnson.

Ban Johnson, president of the American League, who has been ill for the past two weeks, is able to be out again, and says that he will be here in a few days to complete final arrangements for the grounds of the new ball club in this city. Johnson and James A. Hart of the Chicago National League Club, are at work on two playing schedules which will contain as few conflicting dates as possible. Johnson says that the American League season will not begin until after April 20, and will include 140 games.

Johnson has nothing to say regarding the local situation beyond the statement that work on the new park will begin on March 1. He merely laughs at the assertion that the American League will be compelled to abandon New York, and declares that the new grounds can be located on Manhatan Island, or in fact anywhere within the limits of the Greater City.

When Johnson and the other American League men arrive here they will continue certain nesotiations of a political nature which have been going on for some time past. It can be stated that a local syndicate has already made a proposition to Johnson & Co. for the possession of the American League professes to have \$300,000 in cash with which to conduct the club. The syndicate is composed of men who wield much political power both here and at Albany, and that they maintain that without their backing, the American League will find a hard road to travel here. Johnson & Co. do not want any financial share in the new club, beyond the usual division of the gate receipts for the visiting clubs. Certain representatives of the syndicate are waiting to confer with Johnson & Co. and if the deal goes through it will not be at all surprising if the American League unavailable.

I "Think twice before you speak " to condemn the custom-tailor, who takes too long and charges too much. He does not know any other way.

I Working at every part of a garment with equal skill, never trained as a Specialist in individual parts, such as collars, lapels, buttons, shoulders and sleeves, he cannot produce rapid action tailoring as in "Semiready," where each tailor does one thing only-but does it well. "Semi-ready" is the happy medium between "custom-made" and "ready-made."

WRESTLING "FAKE" EXPOSED. Kelly Produces Articles in Which Latther Agrees to Threw Match.

Agrees to Threw Match.

Waterbury, Jan. 20.—A barefaced fake was exposed here last night in connection with the wrestling match between Max Luttbeg of S. Louis and John S. Kelly, a local wrestler. A dispute arose during the evening regarding the receipts, and Kelly, believing that he was to be the victim of trickery, produced a set of articles, signed by himself and Luttbeg, by which the latter was to throw the match to Kelly. The original articles of agreement and the agree version were demanded by Prosecuting Attorney H. R. Durant, who read them to the spectators. They even went so far as to agree upon the time of falls by which Kelly was to win. Friends of the latter had wagered hundreds of dollars, all of which was taken by the Luttbeg men. This aroused the suspicions of Kelly, and he revealed the true state of affairs. He has hitherto been known as "Honest John Kelly." His revelation almost created a riot and the two wrestlers were hissed and jeered by the angry crawd. The incident may end all other matches, two of which are already in prospect.
